MEMORANDUM FOR: Chief, Technical Plans and Development Staff

SUBJECT: NPIC Personnel Training

50X1 1. The efforts of [] and his people in pulling together NPIC training requirements and recommending a future program are appreciated. Their 24 July 1962 staff study reflects much work and well-considered thought.

2. Mr. Lundahl and I have discussed the Staff's findings and agree that prompt action is in order. Accordingly, the Chief of the Administrative Staff will be in touch with Mr. Matthew Baird, Director of the Office of Training, CIA, in the near future for the purpose of discussing training concepts, support and personnel. For the immediate future, it is considered best to recruit an "NPIC Training Officer" qualified to develop and administer the Center's program. He would operate from the Administrative Staff. The ultimate disposition of the over-all training responsibility will depend upon the scope of the program and could quite feasibly take the course which your study recommends.

50X1 3. This matter has been discussed with [] and a copy of this memorandum and your staff study have been given to him. He has been encouraged to consult with and draw support from [] whenever necessary.

50X1 []
Executive Director, NPIC
